Product Designer

I design and build digital products from concept to production. Solo designer on an enterprise cloud platform — zero to MVP in a year. Earlier led design for admin systems on Sberbank's HR platform (250K daily users). Stack: Next.js, Tailwind, Rust/Tauri, AI-assisted with Claude Code and Cursor.

SELECTED WORK

Ncloud — enterprise cloud infrastructure platform [case study →](#) 2023–2024
Solo product designer. 50+ screens including billing, role-based access, and complex configurators. Zero to launched MVP in one year. Freelance.

Pulse HR — Sberbank [pulse-hcm.ru →](https://pulse-hcm.ru) 2022
Designed two admin panels from scratch — used by HR managers to configure workflows, manage employees, and run company-wide surveys. One of 6 design leads on a 25-designer team.

FormEngine — product website [formengine.io →](https://formengine.io) 2024–present
Designed and coded the marketing site for a React form-builder tool. End-to-end in Next.js, from concept to production. Freelance via OptimaJet.

Netok — desktop network monitor [github →](https://github.com) Personal
Open-source app I built solo. Real-time network traffic monitoring with per-process breakdown. Rust, Tauri, React.

EXPERIENCE

Product Designer — Freelance, Turin Jan 2023 – Present
End-to-end product design for cloud infrastructure (Ncloud), developer tools (FormEngine), an AI price negotiation platform (Batna), and a hotel booking app (HotRoom, launched on iOS and Android).

Lead Product Designer — Sberbank, Moscow Mar – Dec 2022
Pulse HR enterprise platform, 100+ HR services. Detailed above.

Digital Marketing Manager — De Fonseca, Moscow Apr 2018 – Nov 2021
Italian home-slippers brand, CIS markets. Built a multilingual e-commerce site from scratch — design, payments, delivery integration. Sole owner of digital across 3+ years. Grew branded search traffic 5x.

Digital Art Director — LETO (Scholz & Friends), Moscow Aug 2016 – Apr 2018
Apps and websites for Bud, KFC, PepsiCo, METRO. Designed a POS management app — reduced client maintenance costs by 70%.

Earlier 2012 – 2016
Lead Web Designer at KupiVIP (3.5M MAU flash-sale platform, 2015–2016). Web Designer at SpaceBox digital agency (2014–2015). Product Manager at Apartama (2012–2014).

SKILLS

Design Figma, design systems, UX research, prototyping
Code React, Next.js, Tailwind, Rust, Tauri, Supabase, shadcn/ui
AI Claude Code, Cursor

EDUCATION

Moscow State University of Printing Arts — Graphic Design 1996–2001
